

Ausco Products Plant Trailer

Ausco Products has designed and manufactured a numerous trailers over the years. This particular trailer is designed for a lawn mowing company to take two ride-on mowers with a total mass of 1.5 Tonnes. The trailer is made from a heavy duty construction that is galvanised, primed then painted to your desired colour. These trailers are not only suitable for lawn mowers. They can be adapted for mini-excavators, bobcat's, you name it.

Features:

- Strong Galvanised Rectangular Hollow Section (RHS) Frame
- Heavy duty spring assisted tail ramp
- Side loading suitable for lawn mower or small machines
- Spare wheel and stub axles
- Heavy duty mesh to take any load
- Electronic braking system
- Fully customisable to suit your needs
